Dear Harold:

Thank you for your letter of August 9, 1979.

Yes, I would appreciate a privacy waiver for all the correspondence dealing with the clothing worn by JFK. I hope that I can make changes in the revisions of 1972, with respect of having special photographs made of the Presidents' clothing. Chances are slim, but I have to try.

Would you please gave me the address of Popkin. Time will prove that Novel & Castillo were involved (if not sooner) in the assassimation.. Would a letter of introduction by you help me in getting copies of Popkin records? Would appreciate.

Do you have any more copies of Post Mortem for sale?

Sincerely,
